

Data Entry - Food Cupboard Participants

If you like to work independently on a computer, and you are a good typist, this opportunity is for you. The task involves entering data received monthly from food cupboards in the Philadelphia area. This is an on-going need as we serve over 511 food cupboards each month. We have several computers available Monday - Friday, and three computers available two Saturdays a month. The data entered helps us to capture and return current information to the food cupboards each month, and to report this information accurately to the State.

Computer experience is necessary, and you will be trained by experienced staff.

This opportunity is sponsored by: [SHARE Food Program, Inc.](#)

We need volunteers who are free at these times: ·Monthly ·Weekends ·Weekdays

This volunteer opportunity is available to the following types of volunteers: ·Adults (26-54) ·Adults (55+)

Food Distribution Assistants – Assist with Bagging of Food

This is an opportunity to really make a difference that you can see. Food Distribution Assistants provide hands-on assistance to the SHARE staff and other volunteers. You will properly weigh and bag food, count cases and loose items on a pallet, make and stock boxes, and place food items in boxes that people will be purchasing. You will learn about the SHARE Food Program and about the different food packages we distribute to individuals and families.

It is a very satisfying way to serve your community by helping to provide quality food at affordable prices to those in need, and a way to have fun satisfying Community Service requirements, too!

Staff will provide training on all aspects of food distribution.

We need volunteers who are free at these times: ·Monthly ·Weekends ·Weekdays

This volunteer opportunity is available to the following types of volunteers:

·Families ·Individual ·Small Group (2-10) ·Large Group (11+)

Volunteer Hospitality – Greet and Welcome Volunteers

Are you an outgoing person who enjoys meeting new people and making them feel good? Then this is the job for you! You will be greeting other volunteers, answering the telephone, setting up refreshments, making sure all volunteers have name tags, using first aid supplies, and acknowledging volunteers and making them feel welcome and comfortable in our environment.

The main focus of this opportunity is for volunteers to want to return to SHARE because they have had a great experience due to your efforts.

Volunteers in hospitality will be trained by the volunteer coordinator and will be shown all of the necessary supplies.
